

Army Nursing Team Creed

*Authored by LTC Leigh McGraw
December 2009*

I am a member of the Army Nursing Team

My patients depend on me and trust me to provide compassionate and proficient care always. I nurture the most helpless and vulnerable and offer courage and hope to those in despair. I protect the dignity of every individual put in my charge.

I tend to the physical and psychological wounds of our warriors and support the health, safety, and welfare of every retired Veteran. I am an advocate for family members who support and sustain their Soldier during times of War. It is a privilege to care for each of these individuals and I will always strive to be attentive and respectful of their needs and honor their uniquely divine human spirit.

We are the Army Nursing Team

We honor our professional practice standards and live the Soldier values. We believe strength and resilience in difficult times is the cornerstone of Army Nursing. We embrace the diversity of our team and implicitly understand that we must maintain a unified, authentically positive culture and support each other's physical, social, and environmental well-being. We have a collective responsibility to mentor and foster the professional growth of our newest Team members so they may mentor those who follow.

We remember those nursing professionals who came before us and honor their legacy, determination, and sacrifice. We are fundamentally committed to provide exceptional care to past, present, and future generations who bravely defend and protect our Nation.
