

Greetings Team Army Nursing!

I wanted to let all of you know that I won't be able to run in the AUSA Army Ten Miler as planned! The date of the race was moved from its normal date of early October and I will be completing a General Officer training requirement at that time. I am so sorry because I was really looking forward to running with you. Please know that my thoughts will be with you on 24 October when your adrenaline is pumping, and when you hear the bang signaling the start of the race. Enjoy the day - the Army Ten Miler is a wonderful opportunity to support the Army, build spirit de corps, and of course maintain fitness. I'm looking forward to running beside you next year!

Embrace the Past, Engage the Present, and Envision the Future.

Warm regards,

Pdh

MG Patricia D. Horoho
